

# STUDENTS' MANIFESTO FOR HIGHER EDUCATION

1. We demand FREE ACCESS to required class materials

2. We demand faster implementation of FAFSA

3. We demand better PARKING

4. We demand better ACCESSABILITY

5. We demand better separation of TRASH

## Academics

WE BELIEVE

WE DEMAND

## Advancing

1. Having to pay for class materials is an unnecessary costs that add on to an already high tuition. If the materials are required, they should be free and accessible to all.

2. For students who have FAFSA Grants to help pay tuition, FAFSA can take up to 6 months to give a refund AFTER you pay tuition. So many students struggle for months.

3. The current parking causes excess stress since fees are expensive, garages are always full, and spots are so tight.

We demand easier access for those who are unable to use the stairs. There are little to no handicap parking spaces on the first level of the garage, along with other buildings.

There is only one trashcan where people can throw things away. There should be separate bins for compost and recycling.
