

Ready to Talk.

# SJSU MANIFESTO

① **More Available Parking**  
 We demand more parking for commuters. Since we have to drive to campus we should at least have guaranteed parking. To make our vision happen we will call out the city with the help of SJSU.

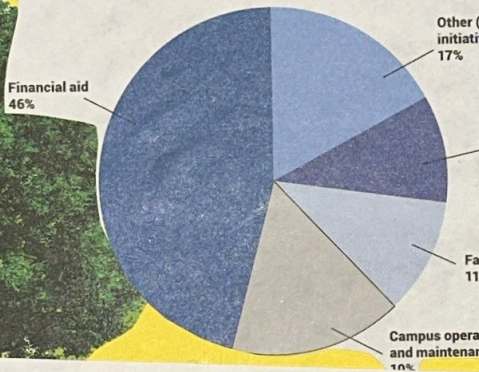

'We're Done Waiting'

# Action

Spending to Support Students

Colleges dedicated nearly half of their endowment spending in the 2022 fiscal year

② **Improve the Safety of vehicles On Campus:**

We recognize that there are many vehicles such as carts, scooters, etc. For the safety of the students the school should work on being attentive of the students around campus. We could also think of adding a speed limit. To achieve this we can work on a campus comprised with parking services & the head of SJSU.

④ **Create More Food Options**

- We demand more food shops in the Student Union, for those who have specific ways they eat.
- Sparken Survey for Recs

One student's social life "basically ended," he said. "It was just way too dangerous."
