

# STUDENT PROPOSALS

## • MORE PARKING -

We believe we should have more parking and it should be cheaper. The lack of parking makes it difficult for students to make it to their classes on time.

## • LOWER TUITION -

We think the state should help lower tuition for students. Lower cost would make it easier for everyone to attend college.

## • TUTORING / MORE HELP FOR CLASSES -

The school should improve its tutoring services for students. It should provide extra help for all students free of cost.

## • MORE FOOD -

We should have more food options in the student union. More variety and maybe a healthier option as well.

## • REST AREA -

The school should provide the students an area to rest. An area with more couches as well as mattresses to rest. Maybe also a sleep pod for more privacy.

## • IMPROVE PUBLIC TRANSPORTATION -

The school should provide busses that arrive directly on campus or have a designated area for students. This can be useful not only for the safety of the students, but also to get to school on time and faster.
