

# Impacts and evaluations

1984 is widely regarded as a classic anti-utopian novel that has had a profound impact on contemporary culture and politics.

The novel's exploration of power and freedom provokes thought and discussion about our social and political systems.

## Questions:

- \* Discuss the impact of 1984 on contemporary culture and politics
- \* Analyze the reasons why the novel is widely regarded as anti-utopian literature
